be made responsible, and to recommend allocation of these funds within the limits of University policy governing the grants. (Am 9 Oct 69) (Am 25 May 2010)

Justification: The Vice Chancellor for Research is added to the committee to facilitate communication and co-operation between the Senate and the Research Office. The number of voting members, split equally between two broad disciplinary groups, is increased from 7 to 10 to reflect current practice that recognizes the increased number of grant applications reviewed by the committee and the value of paired committee reviews (one from each group) that provide both a general and a more specialized perspective.
