COMMITTEE ON RULES AND JURISDICTION

March 21, 2013

To: Jose Wudka, Chair
Riverside Division Academic Senate

From: Ziv Ran Chair
Committee on Rules and Jurisdiction

**Re: Request for interpretation of course review & the grading system for
SOM**

The Committee on Rules and Jurisdiction has discussed your query regarding course review and the grading system for the School of Medicine. R&J finds that:

1. Regardless of the status of the Biomedical Science program, all undergraduate courses at UCR are under the purview of the academic senate and subject to review and approval by the appropriate Senate committee(s). This does not apply to graduate courses offered by the School of Medicine.
2. We concur with your interpretation of SR 778: alternate grading systems should be reviewed by CEP and approved by R&J and the division.
