RE: Systemwide Review of Proposed Revisions to APM 025, 670 and 671

Dear Jose,

The CNAS Executive Committee discussed the proposed revisions to APM 025 at its meeting on January 7th 2014. The committee did not discuss the proposed revisions to APM 670 and 671, believing those to be outside its purview. The CNAS Executive Committee has no objections to the proposed revisions to APM 025.

Yours sincerely,

Gillian Wilson
