**Re: Review of the Proposal to Establish the Givaudan Citrus Variety
Collection Endowed Chair**

Executive Council reviewed the proposal to create the Givaudan Citrus Variety Collection Endowed Chair and during its June 8 meeting voted unanimously to approve the proposal. Council noted that the proposal's subject matter is well aligned with the ANR mission, and recommends that, for faculty recipients, the FTE utilized should be an OR FTE with the minimal IR fraction required for Academic Senate membership.
