Committee on Educational Policy

Re: Review of Proposed Endowed Presidential Chairs

The Committee on Educational Policy reviewed the proposals for the A. Gary Anderson Family Foundation Presidential Chair in Business Administration, Marlon & Rosemary Bourns Presidential Chair in Engineering, Ted and Jo Dutton Endowed Presidential Chair for Educational Policy and Politics, and the Urban Entomology Endowed Presidential Chair at their April 3, 2015 meeting. The Committee unanimously voted to support the proposed endowed presidential chairs. The Committee did note that Marlon is spelled as "Marion" in the Marlon & Rosemary Bourns Presidential Chair in Engineering cover memo from the Executive Vice Chancellor and Provost and recommends that the error be corrected.
