Subject: APPOINTMENT AND PROMOTION APM - 210-1 d Review and Appraisal Committees

The Graduate School of Education Executive Committee was asked by the chair to review the documents "proposed revisions to APM Section 210-1-d." The Executive committee members did not provide comments, but the chair wants to note the following. The March 3, 2015 version communicated by Mary Gilly, Academic Council Chair, including Chair Gilly's rationale, comes as close as possible in policy to a reflection of the Graduate School of Education's criteria for appointment, promotion, and appraisal of faculty. Thus, the amended policy is favored.
