Committee on Educational Policy

Re: Campus Five Year Planning Perspectives for 2016-2021

The Committee on Educational Policy reviewed the draft Campus Five Year Planning Perspectives for 2016-2021 at their April 1, 2016 meeting. The Committee opined concern that the proposal for the reorganization of the College of Natural and Agricultural Sciences was listed as withdrawn, however the requests to rename the Departments of Biology, Environmental Sciences, and Cell Biology and Neuroscience, which were included in the reorganization proposal, are listed as in progress. The Committee requests clarification on the document as to what part of the reorganization proposal was withdrawn. The Committee voted to support the remainder of the document.
