Re: Proposed Draft Presidential Policy on International Activities

The Committee on International Education reviewed the proposed draft Presidential Policy on International Activities. The Committee noted that the proposal places ultimate control over International Activities in the office of the UC Provost and UC Regents and we have concern that the proposed policy does not clearly delineate the role of the Academic Senate, specifically under what circumstances or through what mechanisms Senate committees should be consulted. However, the Committee opined that the proposal does not appear to unduly burden or supersede activities that should be under faculty purview and that it adequately acknowledges the Academic Senate's role. Furthermore, it does not inappropriately allow UCOP control of responsibility that should be left to campuses.
