Re: Proposed Revisions to Bylaw 182: University Committee on International Education

The Committee on International Education reviewed the proposed revisions to Bylaw 182 for the University Committee on International Education (UCIE) and voted to support the proposed revisions. The Committee opined that consideration should be made for how the proposed additional workload of the UCIE will be implemented and accomplished. Engagement with campus-level committees that review issues related to international education activities should be a major part of this consideration.
