To: Dylan Rodriguez, Chair
Riverside Division of the Academic Senate

From: Manuela Martins-Green, Chair 
Committee on Diversity & Equal Opportunity

Re: Second Round. Revision to APM 278 & APM 210-6 Health Science
Clinical Professor Series

The Committee on Diversity and Equal Opportunity met to consider the second round of revisions to APM 278 & APM 210-6. Overall, the committee did not find any issues with the suggested changes in regards to diversity. However, the committee recommends the new language found in APM 210-6 under the scope of teaching be broadened to include trainees.

Language found in redline version of proposal:

...including development of particularly effective strategies for the educational advancement of students in various underrepresented groups. (For the full statement on criteria for evaluating teaching in the Professor series, see APM - 210-1-d(1).)

CoDEO recommendation:

...including development of particularly effective strategies for the educational advancement of students **and trainees** in various underrepresented groups. (For the full statement on criteria for evaluating teaching in the Professor series, see APM - 210-1-d(1).)
