Re: 5-Year UCR Planning Perspectives 2018-2023

The Faculty Welfare Committee met on 4/24/2018 to discuss the "5-Year UCR Planning Perspectives 2018-2023." A question was raised concerning the accuracy of the milestone category for the BS/MS Degree Program in the Department of Entomology. The status of this "establishment" program shows as 1, but the Entomology Chair reports that is at least a 2, if not a 3. The 5-year horizon of this plan does not appear to be well connected to the information in the table. In particular, what is the significance of 2023 when interpreting the table? Further review of the table by FWC was deemed unnecessary.
