

**Graduate Council**

April 27, 2018

To: Dylan Rodriguez, Chair  
Riverside Division

From: Christiane Weirauch, Chair  
Graduate Council

A handwritten signature in black ink, appearing to read "Christiane Weirauch".

Re: UCR 5-Year Planning Perspectives 2018-2023

In Graduate Council's review of the UCR 5-year planning perspectives it was unclear what the Current Status of "1. Suggested for List" means. Also, does "3. Campus Review" mean Senate committee review? If so, the Entomology BS/MS should be a "3", not a "1". The Business Analytics proposal has also made its way to the Senate and will be on the May Council agenda for discussion; therefore, if "3. Campus Review" does mean Senate committee review, the Current Status column should be a "3", not a "2".

A correction needs to be made to the Biophysics proposal as it is a pending graduate program proposal, not an undergraduate proposal as indicated on the spreadsheet.
