GRADUATE COUNCIL

REPORT TO THE RIVERSIDE DIVISION

FEBRUARY 3, 2000

To be adopted:

The Riverside Division, in accordance with the procedures for change in degree title, recommends the change in degree title from M.S. and Ph.D. degrees in Biochemistry to M.S. and Ph.D. degrees in Biochemistry and Molecular Biology.

Justification:

The Graduate Council recommends the formal change in degree title from Biochemistry to Biochemistry and Molecular Biology. There is no change in formal degree requirements. The Committees on Educational Policy and Planning and Budget reviewed and approved this recommended change. The Library Committee reviewed the change and expressed concern as to whether adequate campus funding would be forthcoming to acquire additional library resources. As there appear to be no adverse effects by this change, the Graduate Council recommends adoption.

Werner G. Kuhr, Chair
Graduate Council
