Note: In filling the dual requirements of the major, students may not count more than two courses toward both parts of their total requirements (Sociology requirements and Law and Society requirements).

Justification: Add POSC 114 to section 2.c) for the Law and society major requirements. This course is a social science methods course at the same introductory level as the other methods courses. In addition the change would give students increased flexibility in how they fulfill the methods course requirement.

Editorial changes made for consistency within all Law and Society majors.

e) LWSO 193, Senior Seminar

Note: In filling the dual requirements of the major, students may not count more than two courses toward both parts of their total requirements (Sociology requirements and Law and Society requirements).
