Each term, students are required to register and enroll by the date set by the campus. Selection of courses must be approved by an academic if this is required by the student's major department or program.

HSR2.3.2  
Each term, students are required to register and enroll by the date set by the campus. Selection of courses must be approved by an academic if this is required by the student's major department or program. **Students who do not attend the first class meeting may be dropped from the course.**

Justification:

Several departments in the College have expressed the need for legislative language that will set a policy for dropping students. The CHASS Executive Committee has concluded that it is the responsibility of the department, and of the College as a whole, for legislating rules for dropping students who do not attend the first few class sessions. This legislation will be used to notify students, and to give departments the option to enforce attendance policies that help ensure full enrollment.

Approved by CHASS Executive Committee: April 4, 2001  
Approved by CHASS Faculty: May 2, 2001  
Approved by Educational Policy: May 3, 2001  
The Committee on Rules and Jurisdiction finds the wording consistent with the Code of the Academic Senate: May 5, 2001
