Proposed:

8.18.1 The committee will have nine members of tenure rank. One committee member shall be appointed from the social sciences departments and programs of the College of Humanities, Arts, and Social Sciences; one member from the arts departments of that college; and one member from the humanities departments and programs of that college. One committee member shall be appointed from the natural sciences departments and programs of the College of Natural and Agricultural Sciences; one member from the biological sciences departments and programs of that college; and one member from the physical sciences departments and programs of that college. One committee member shall be appointed from the Bourns College of Engineering, one from the Anderson Graduate School of Management and one from the Graduate School of Education. The Chair normally also serves on the University Committee on Planning and Budget. (Am 25 May 95), (Am 28 May 98), (AM ---Feb 09)
Justification:
This composition would enable us to always have on hand a representative from each of the core campus units, which is important when issues come to P & B. In recent years many issues from the professional schools and colleges have come up and this type of representation would have been very useful. A broad and representative membership also creates more direct lines to convey information from P & B back to the campus units.
