Statement of Purpose and Effect:

In keeping with its charge in the Senate Bylaws, the Committee on Research has traditionally restricted its activities to allocating Senate research funds on a competitive basis and occasionally advising the Vice Chancellor for Research and Economic Development on the selection of grant proposals to put forward when an external grant competition accepts only a specified number of applications from UCR.

At other UC's, the Committee on Research has been playing a broader and more active role in addressing the many issues that arise related to the research mission of the university.

The aim of the proposed changes in wording is to provide a basis in the Committee's Bylaws for the UCR Committee on Research to expand the scope of its activities to cover all "issues regarding policies, practices, and budgetary needs pertaining to the research mission of the UC Riverside Division."

An earlier draft of the Bylaw revision was returned to the Committee on Research by the Committee on Rules and Jurisdiction in the fall of 2015. A draft was prepared jointly in the spring of 2016 by Richard Arnott, then (and now) Chairman of the Committee on Research) and John Cioffi, then Chairman of the Committee on Rules and Jurisdiction, which was subsequently slightly modified by the Committee on Research.
