**PROPOSED:**

Law and Society requirements (36 units)
1. PHIL 007 or PHIL 007H
2. LWSO 100

6. LWSO 193, Senior Seminar

Note: In filling the dual requirements of the major, students may not count more than two courses toward both parts of their total requirement (Sociology requirements and Law and Society requirements).

**JUSTIFICATION:**

The only substantive change is for Section [2.d]. With the growth of the Law and Society program (nearly 500 majors), students find it difficult to meet the five-of-seven course requirement. Historically, this problem has been dealt with by maintaining a list of approved substitutable courses. Students often must petition to make more than one course substitution in order to meet the [2.d] requirements. The proposed change would incorporate the substitution list into the formal requirements of the major under section [2.e]. The change should provide students with more options and more flexibility in selecting classes. The distinction between [2.d] and [2.e] is that [2.d] courses are broader, survey-level courses, whereas [2.e] courses are more specialized.
