

Executive Committee of the School of Public Policy

REPORT TO THE RIVERSIDE DIVISION

May 29, 2018

To Be Adopted

School of Public Policy Regulations

PRESENT

PROPOSED

PPR1 STATUS OF STUDENTS

PPR1.1 CATEGORIES OF STUDENTS

PPR1.1.1 The categories of students are
(1) regular students, (2) special
students, (3) limited students,
as defined in the Manual of the
Academic Senate, Regulations
310, 312, 314, 650.

PPR 2 REGISTRATION AND COURSEWORK

PPR2.1 FACULTY ADVISERS

PPR2.1.1 The school may assign a
Faculty adviser to each of their
majors and may require
students to obtain the adviser's
signature before enrolling in
classes, submitting an
academic petition, or making
any change to their class
schedule. It is the student's
responsibility upon declaring a
major to inquire whether such
counseling is required by the
School of Public Policy,
hereafter referred to as School.

PPR2.2 STUDENT RESPONSIBILITY

PPR2.2.1 Students should plan their
program of studies carefully in

consultation with their academic advisor. They should go to the Chair of their program with any irregularities in the program that may require special approval. It is the student's responsibility to ensure that all requirements for graduation are satisfied.

PPR2.2.2 Withdrawal from any course or a change in enrollment after the deadlines published in the Schedule of Classes requires the approval of the Chair of the student's program.

PPR2.3 REGISTRATION/ENROLLMENT REGULATION

PPR2.3.1 The confirmation of classes is a student's selection of courses to be pursued in any term.

PPR2.3.2 Each term, students are required to register and enroll by the date set by the campus. Selection of courses must be approved by the academic advisor if this is required by the School. Students who do not attend the first class meeting may be dropped from the course.

PPR2.3.3 A student is expected to make regular progress toward the degree. For undergraduate students, enrollment in less than 12 units must have the approval of the Chair of the

student's program.

PPR2.3.4 An undergraduate student on probation may not enroll in more than 17 units without the consent of the student's academic advisor. An undergraduate who is subject to dismissal may not enroll in more than 15 units without the consent of the student's academic advisor.

PPR2.3.5 After on-line enrollment in classes is closed, students may request changes in courses by formal petition.

PPR2.3.6 Courses may be added until the end of the third week of instruction with the consent of the instructor. No course may be added after that time without approval of the Chair of the student's program. Any addition that would increase the student's academic load to more than 20 units must also be approved by the student's academic advisor.

PPR 2.3.7 A student may add a course up to the end of the second full week of instruction. With the approval of the instructor and academic advisor, a student may also add a course during the third full week of instruction.

PPR2.3.7.1 A student may drop a course

without prior approval no later than the end of the second full week of instruction. From the third through the sixth full week of instruction, a course may be dropped with the approval of the academic advisor. Any withdrawal which would reduce the undergraduate student's academic load to less than 12 units must be approved by the Dean.

PPR2.3.7.2 In the School of Public Policy, instructors can enforce policies in which students may be required to forfeit their seats in particular courses by removing students' names from the roster after the first full week of classes and up to the end of the second full week of instruction if students do not meet attendance requirements approved by the Executive Committee or course syllabi. A student who is removed from a course roster for not meeting attendance requirements will not be allowed to continue in that course and will receive an "F" or an "NC" unless the student formally drops the class.

PPR2.3.7.3 A course dropped after the end of the second full week of instruction will remain as a permanent transcript entry showing course number and title, with a transcript symbol of

W, signifying withdrawal,
entered in the grade column.

PPR2.3.8 With approval of the Chair of
the student's program, students
may withdraw from the
University up until the last day
of instruction.

PPR2.3.9 Any changes in a student's
schedule of classes not covered
by the above regulations must
have the approval of the Chair
of the student's program.

PPR2.4 MAJOR REQUIREMENTS

PPR2.4.1 A major shall consist of no
fewer than 36 and no more than
72 upper-division units.

PPR2.4.2 For students seeking the
Bachelor of Science degree, the
School may specify course
requirements up to a maximum
of 108 quarter units; provided,
however, that of the 108 units
not less than 40 upper division
units may be required.
Students who are candidates
for the degree Bachelor of
Science may not receive more
than 108 units of credit for work
taken in their major.

PPR2.4.3 A student may elect a second
(or third) major in a department
or program of another college.
In such cases, the student must

complete all course requirements for each of the two (or three) majors chosen and must complete a minimum of 36 upper division units (BA degree) or 40 upper division units (BS degree) in each of the chosen areas. Up to 8 units in courses acceptable for the two (or three) majors may be counted toward the 40 upper division units required for each major. Where the multiple major offers the same degree and includes departments or programs in more than one college or school, students will be expected to satisfy the college/school requirements of the college/school of their choice. If the multiple majors include different degrees, the college/school breadth requirements for each degree designation must be satisfied. If the multiple majors lead to different degrees (BA and BS) it will be noted on the transcript. A declaration of two (or three) majors requires the approval of the Chair of the student's program of the colleges/school concerned and filed by the students with their chosen college/school.

PPR2.4.4 All courses specifically designated for a major must be completed in regular or summer session at UCR. Exceptions to

this policy must have the approval of the student's program Chair.

PPR2.4.5 A student may transfer from one major to another by filing a change of major petition which requires the approval of the Chair of the student's program.

PPR2.4.6 Transfer students must complete a minimum of 16 upper-division units in their major on the Riverside campus for the bachelor's degree.

PPR2.4.7 A grade point average of at least 2.00 in upper division courses taken in the field of the major is required for graduation.

PPR2.5 CREDIT BY EXAMINATION

PPR2.5.1 A student who wishes to have the privilege of examination for degree credit must be in residence and in good academic standing.

PPR2.5.2 A student may take examinations for degree credit in courses offered in the School, without formally enrolling in them with the exception of English composition courses.

PPR2.5.3 Arrangements for examinations for degree credit must be made in advance with the Chair of the

student's program of the school and (where the student's major department requires it) with the student's academic advisor. The approval of the Chair of the student's program, the instructor who is appointed to give the examination, and the academic advisor (where required by the major department) are necessary before the examination may be given.

PPR2.5.4 The results of all examinations for degree credit, either with grades or with a satisfactory/no credit report, are entered upon the student's record in the same manner as they are entered in regular courses of instruction.

PPR2.5.5 English composition requirements may not be met with credit by examination.

PPR2.6 UNDERGRADUATE CREDIT FOR GRADUATE COURSES

PPR2.6.1 A student who has a grade point average of at least 3.00 in all courses taken in the University, or who has shown exceptional ability in a special field and received approval by the academic advisor, may take a graduate course for undergraduate credit, with the permission of the instructor

concerned, within the limitations specified by Systemwide Regulation 740C.

PPR2.7 ENROLLMENT ON A SATISFACTORY/NO CREDIT BASIS

PPR2.7.1 An undergraduate student in good academic standing may receive credit for courses undertaken and graded "S" on the Riverside campus to a limit of one-third of the total units undertaken and passed on the Riverside campus at the time the degree is awarded. This same limitation applies to courses that are only graded Satisfactory/No Credit. Units completed on another campus of the University by a Riverside undergraduate enrolled as an intercampus visitor are considered Riverside work for the purposes of this regulation.

PPR2.7.1.1 Courses which are required in or prerequisite to the undergraduate student's major subject may not be taken on a Satisfactory/No Credit basis unless approved by the Chair of the student's program.

PPR2.7.1.2 Limited status or special status

students may take courses on a Satisfactory/No Credit basis only with the approval of the Chair of the student's program in which they are enrolled.

PPR2.7.2 Units earned on a Satisfactory/No Credit basis will be counted in satisfaction of degree requirements, but such courses will be disregarded in determining the student's grade point average.

PPR2.7.3 Students are permitted to add Satisfactory/No Credit their schedule of classes or delete Satisfactory/No Credit from their schedule of classes until the end of the eighth week of instruction.

PPR2.8 MINORS

PPR2.8.1 A disciplinary minor is a subset of courses selected from a non-interdisciplinary major. It is proposed by the sponsoring department or program and approved by the Executive Committee, the Faculty, the Committee on Educational Policy and the Academic Senate. Among these courses must be a sufficient number (totaling 16 units) selected from courses accepted for the major.

PPR2.8.2 An interdisciplinary minor is a set of courses focused on an interdisciplinary thematic area, proposed by the Executive Committee, and approved by the Faculty, the Committee on Educational Policy and the Academic Senate.
