**Note:** In filling the dual requirements of the selected major, students may not count more than two courses toward both parts of their total requirements (Sociology requirements and Administrative Studies requirements).

**Justification:**

The changes to the majors in the catalog are a way to correct deficiencies in the past when new courses were added to the undergraduate business curriculum but, through an oversight, were not counted among the courses that could be used for various majors related to business. These include some courses that were not included in the Business Administration major, and a larger number that were not included in the choices offered to students majoring in Art History Administrative Studies, Economics Administrative Studies, History Administrative Studies, Political Science Administrative Studies, Sociology Administrative Studies
